

# BODWELL HIGH SCHOOL

VANCOUVER, CANADA

## CAMPUS RESTART PLAN

# 2020

## PLAN SUMMARY

Since January 2020, Bodwell has put into place preventative steps to reduce the risk of transmission of COVID-19 on campus.

Health & safety in British Columbia has been improving. The smaller student population on campus as of March has lowered our risk.

The plan charts the gradual return to full operation, recognizing our nature as a residential facility with many international students.

### THERE ARE 6 SAFETY LEVELS TO THE RESTART PLAN

**2**  
MAY 25

**3**

As new and returning boarding students arrive and our restrictions reduce, we will need everyone to be careful at all times and follow all steps.
